SHERMAN OAKS NEIGHBORHOOD COUNCIL

DRAFT

Land Use and Planning Committee

Sept 19, 2005

Item 1

The meeting was called to order at 6:50 pm. In attendance: Co-chair Richard Mayer, Mikie Maloney, Jeff Kalban, Jackie Diamond, Carol Burle. Excused were Jackie Campbell, Richard Cohen and Jill Barad, ex-officio member.

Item 2 Casa Vega – Propose parking lot.

No one presenting

This was put back on the agenda because Ray Vega went the original plans and asked us to look at again because he could not get enough spaces on the corner lot to fill his need. There were two conversations with Mr. Vega in regard to this proposal. The First was to go back to the original plan and the second was to say he was willing to continue on with the plan that was approved by LUC in August.

The motion to the full board was not presented because at the time of the board meeting he was going to return here with the original plan again. He is presently going ahead with the improvement of the corner lot and we hope to see this project return with his corrected plans.

Item 3 Killion/Sylmar Project

Presenter Robert Lamishaw, JPL Zoning Services

We are asking for an additional 5 ft height beyond the current "Q" conditions.
