5. New Business:

Jeff talked to the group about a City Report that was sent out and forwarded to him for community input on a park possibility in the Sherman Oaks area around Kester/ Ventura. Jeff informed the committee that he had reached out to Jill Banks Barad, and Ron Ziff about continuing their outreach for the establishment of THE PLAZA as an ideal spot for this city park. Several members asked for a copy of that city report and Jeff will forward it to them.

Jeff showed a power point presentation of the "Park and Non-Park community landscape" project the committee has been working on. All the sites identified for landscaping opportunities were mapped out on an aerial map of Sherman Oaks. Many sites had before and after shots. We discussed design opportunities and possible funding streams. A final draft with accompanying text will be readied for review by the committee at the September 1st meeting. When this document is approved by the Vision Committee it will be sent to Land Use for review and approval prior to going to SONC.

Meeting was adjourned at 8:00 and will meet again September 1, 2016.
