6. New Business: Continued discussion on finding homeless housing in Sherman Oaks. Guest speakers Stephanie Klasky-Gamer of LA Family Housing gave us a brief history of this organization and explained the process that they have for taking homeless individuals from homelessness to permanent housing. Tommy Newman of the United Way explained how they work with communities to get them thinking positively about housing the homeless. The committee was told that shelters are now referred to as "bridge housing" and that LA Family Housing's main focus is on mental and disabled people who have been homeless for long periods of time. "Economic Homeless" who have economic issues that cause their homelessness have other agencies that help support them. Everyone seemed to agree that our sites were excellent. Our guests felt that these sites might be harder to get since they involve the Federal government and Caltrans. We discussed the possibility of having community discussions on homelessness and introduce our sites later after we had commitments that they would be available to us.

7. Committee Business: the next meeting is Thursday June 7, 2018, 6:30 p.m.
