

# Sherman Oaks Neighborhood Council

"Public Safety Committee Meeting  
Wed. March 4th 6:30PM  
VIVA Gallery Moorpark & Fulton

Present: Norm Beale, Zach Behrens, Anthony St. John  
Absent: Janet Richmond, Alan Taylor, Max Calne

Discussion of possible dates for the SONC ""Day in the Park"". Public Safety Comm. will get a fire truck and other emergency vehicles for display in the Park. Committee members will also staff an information table with brochures from FEMA, Red Cross, and LA City Office of Emer. Management as we have done in the past at the local supermarkets.

Update on the CERT Trained SONC Board members and Public Safety Comm. members gaining access to the Red Cross Emer. supplies bin that we had placed in VNSO Park. Update from Craig Buck of the Parks Comm. on gaining access to the bin's contents in the event of an emergency. Keys are presently held by a Parks Dept. official downtown and not by the VNSO director who is on site all the time or by Zach who is CERT trained and lives nearby. Red Cross has agreed SONC Board members should be granted access.

Discussion about which LAUSD schools in Sherman Oaks have up to date emergency supplies. Also local pre-schools etc. Will begin informal investigation to determine the state of the locals schools emer. supplies.

Zach discussed the Private Lighting program through DWP that provides free installation and power to lighting for dark alleyways and other areas ""at risk"" of crime or graffiti. Confirm with Neighborhood Prosecutor Tamar for interest.

Adjournment"
