Committee Meeting

AGENDA

1. Discuss manning Emer. Prep. info tables at local markets one week-end in Sept. We do this every year but we need to man more than one site.
2. Discuss using the NIXLE LAPD Notification System effectively and possibly linking the info from NIXLE to various Neighborhood Watch e-blast lists.
3. Red Light cameras are about to be installed in some intersections of Sherman Oaks. Update.
4. Marijuana Clinic closures. Success or failure? An update.
5. Pedestrian safety. Incidents are on the rise. How to educate the public. Possible campaign ideas to submit to LAPD.
6. Update on area crime statistics.
