▼ BIG Vision and BIG Goals

What was the BIG Vision(s) for your Council?

Bring people closer to government through proactive Sherman Oaks Neighborhood Council (SONC) outreach efforts that engage more Sherman Oaks stakeholders and make SONC an authoritative voice of the Sherman Oaks community, who can bring about measurable change, improvements and solutions to benefit the Sherman Oaks Community

What were the BIG Goals for fulfilling your Vision?

BIG Goal # 1

Educate stakeholders through programs with City department and agency heads, elected officials and other speakers on city and Sherman Oaks community issues.

Did you meet this goal?	**if No, why?**
Yes	Speakers on topical subjects presented information, community participation was less than what we'd like.

BIG Goal # 2

Increase stakeholder participation through improving community outreach strategies

Did you meet this goal?	**if No, why?**
Yes	Somewhat. Website and web-based communications were available. Folks showed up to meetings and events. But the participation was variable.

BIG Goal # 3

Improve infrastructure within SONC's community borders.

Did you meet this goal?	**if No, why?**
Yes	

BIG Goal # 4

Examine, report and take action on city and country proposed legislation which impacts the Sherman Oaks community

Did you meet this goal?	**if No, why?**
No	Government Affairs committee was inactive. The Board discussed topics of importance and filed some CISs, but could do more.

BIG Goal # 5

Establish and maximize partnerships with other community organizations such as service providers, not for profits and volunteer groups to improve quality of life for Sherman Oaks stakeholders.

Did you meet this goal?	**if No, why?**
Yes	We did well in this area, but "maximize" is an aspirational goal.
