  - b. EV Charging Solution for Renters: ASB 1482. Will be looking for City Council files
  - c. Bike Share/Bike Lanes: Michael Fishman gave an update on the bike ride in June. There were 10 people who joined, Mehmet from CD4 explained the steps along the way. The ride showed that Fulton would be good for North South route and Chandler is good for East and West route. The river path is also a potential East west route.

Mehmet Berker from CD4 gave a summary. He explained the Mobility plan. He explained that in Sherman Oaks Burbank and Kester are seen as small Neighborhood Streets. There is a sparseness of availability. But this is a good opportunity to review the General Plan. We can affect Neighborhood Enhanced Networks, and a Bike Lane Network. The Next big step would be to have CD4 submit an application to help implement plans. There is no priority corridor right now in Sherman Oaks. But there is an opportunity when Resurfacing on Burbank between Hazeltine and Van Nuys takes place, to add bike lanes. **Nest step:** 2 prong approach, 1) Mobility Plan we should Prioritize now, and sync up with Bureau of Street Services. Ques: Jeff Kalban: We had ideas about the River Bike Lane, north side of river is a better bike path. Noble is a neighborhood network connection. Need to sync up for funding Application

    - i) Step 1 -CD4 to Submit Concept Nomination form to LADOT. Tim Frenaux in charge of valley operations, he will be supportive. Then Mehmet will have an exhibit, SONC will bounce ideas off of. SONC can make a priority list. We can coordinate with

planning Dept to influence The Specific Plan too On Hazeltine from Burbank to Oxnard, is on list of resurfacing, so we can take the is opportunity to add bike lanes

- d. Sepulveda Corridor Project: Updates
  - e. Hillside Traffic: No updates. Lindsay did not attend
9. New Business– Lisa brought up what can and can't be done regarding Airport issues
