Students travel a long distance every day to get to this school. As a highly gifted magnet school, our school is a place where child's natural curiosity and talents are nurtured, where they can learn, grow, and shine among like-minded peers, so, it is important that we provide the best enrichment

programs to our highly gifted students to achieve academic and personal excellence through proven educational programs. The funds will be used for our students to help fund a Community Theater Production or STAR science program.

 How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)

Our students are leaders in their school and will grow to be leaders in their communities. They will continue to grow into secondary school students, and later, as adult professionals, working to make their local communities a better place by knowing more about the community around them and its needs. By increasing awareness and knowledge about the history, culture, and technology abundant in our community, they will increase their passion for these areas of study and interest. This will benefit the community by raising the next generation of innovators and collaborators in areas as diverse as engineering, medicine, sociology, cultural affaris, governance, and performing and studio arts.
