IN CONFORMITY WITH THE JANUARY 1, 2025 ENACTMENT OF CALIFORNIA SENATE BILL 707 (PORTANTINO) AND LA CITY COUNCIL FILE 23-1114, THE SHERMAN OAKS NEIGHBORHOOD COUNCIL GREEN & SUSTAINABILITY COMMITTEE MEETING WILL BE CONDUCTED VIRTUALLY.

Every person wishing to address the Board must dial +1 669 444 9171, and then press # to join the meeting. When prompted by the presiding officer, to provide public input at the Neighborhood Council meeting the public will be requested to dial *9 or use the Raise Hand option, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.

Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to ____ minutes per speaker, unless adjusted by the presiding officer of the Board.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption

within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1. **California Government Code Section 54953.8(b)(3).**

The legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time. **California Government Code Section 54953.8(b)(4).**

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate. **California Government Code Section 54953.8(b)(5),**

A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to paragraph (5), to provide public comment until that timed public comment period has elapsed.

California Government Code Section 54953.8(b)(6)(A),

A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to paragraph (5), or otherwise be recognized for the purpose of providing public comment.

California Government Code Section 54953.8(b)(6)(B).

b. Referred back to committee:

c. Include a brief support position on the council file that can be submitted as a Community Impact Statement (CIS) to the council file. You can view the council file and sample some of the CIS's submitted by other neighborhood councils.

i. The Sherman Oaks Neighborhood Council (SONC) is in favor of City council file **CF 24-0602**

Titled - Synthetic Grass / Artificial Turf / Polyflouoroalkyl Substances (PFAS) / Forever Chemicals / Health and Environmental Risks / Drought-Friendly Landscaping

Motion: The Sherman Oaks Neighborhood Council Green and Sustainability Committee supports the staff recommendations in CF 24-0602.

Furthermore, the Sherman Oaks Neighborhood Council Green and Sustainability Committee supports a ban on artificial turf in both public and private spaces due to the significant environmental and public health impacts associated with artificial turf installations in Los Angeles.

Since California's SB 676 was signed into law in October 2023—authorizing local agencies to prohibit the use of artificial turf—cities across the state have begun evaluating and, in some cases, advancing bans on its use.

Artificial turf was originally promoted as a water-conservation solution by replacing natural grass in residential landscapes and athletic fields. However, evidence has demonstrated that artificial turf has failed to deliver these promised benefits and instead has created serious unintended consequences.

Artificial turf exacerbates the urban heat island effect, significantly increasing surface temperatures; eliminates water permeability, worsening stormwater runoff and flooding risks; and releases toxic pollutants, including PFAS and other harmful chemicals, into drinking water and surrounding ecosystems. It also contributes to the spread of microplastics into lakes, rivers, and oceans.

Additionally, studies show that athletes who play on artificial turf face a higher risk of injuries, and widespread turf installation contributes to the loss of urban habitat at a time when the planet is experiencing an unprecedented biodiversity crisis.

Finally, artificial turf is a petroleum-based product, incompatible with climate goals that require reducing reliance on fossil fuels. It is not recyclable, ultimately contributing to landfill waste and long-term environmental harm.

For these reasons, the Sherman Oaks Neighborhood Council Green and Sustainability Committee supports prohibiting the installation of artificial turf and encourages sustainable, climate-resilient alternatives that protect public health, water quality, and urban ecosystems.

- Moved by Harold Shapiro and seconded by Mihran Kalaydjian.
