Minutes

Monday, January 12, 2026 - 6:30pm

Public Comments: Comments from the public on agenda items will be heard only when the respective item is being considered, and prior to voting. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment on Non-Agenda Items within SONC Jurisdiction period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, issues raised by the public may become the subject of a future Board meeting. Public comment is limited to one minute per speaker, unless adjusted by the presiding officer of the Board.

The Neighborhood Council system enables meaningful civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, comprised of stakeholder volunteers who are devoted to the mission of improving our communities.

12. Government Affairs Motions & Committee Report - Lindsay Imber, Chair. Meets on the 4th Tuesday of the Month

a. Motion – Support: CF 25-1514 Van Nuys Airport Citizens Advisory Council (VNY CAC) / Compiled Bylaws / Appointments

The Sherman Oaks Neighborhood Council (SONC) supports CF 25-1514 that City Council is in charge of its Van Nuys Airport Citizen's Advisory Council (VNY CAC) appointees, as written in the CAC founding documents. SONC opposes efforts by Board of Airport Commissioners (BOAC) or Los Angeles World Airports (LAWA) to unilaterally reduce or eliminate Councilmembers' ability to appoint pre-existing seats, in conformance with the original intent of the structure of what CAC's original vision was, as created by Councilmember Ferraro at its initial phase of creation.

MOVED: *Government Affairs Committee* SECOND: *Does not require a second*

YES: Adair, Durbin, Ahari, Silverman, Materna, Imber, Stahl, Hartsough, Katchen, Debela, Shapiro, Baronian (12) NO: (0) / ABSTAIN: (0) / INELIGIBLE: Korand (1) /

ABSENT: Kalban, Jasiukonis, Endashaw, Laplante, Hernandez (5)

Item 12.a. carries unanimously /12-0-0-1-5

b. Motion from the floor, requires a second

Support: CF 25-0639. Immigration and Custom Enforcement (ICE) Raids / Workplace / Worker Detentions / Inhumane Immigration Tactics / Use-of-Force Incidents / Los Angeles Police Department Response.

CF 25-0694. Civil Rights Protection / Unconstitutional Searches, Seizures, and Detentions / Immigration and Customs Enforcement (ICE).

CF 25-0695. Department Protocols / Federal Immigration Activity / Constitutional Rights Violations / Immigration and Customs Enforcement (ICE).

The Sherman Oaks Neighborhood Council (SONC) supports CF 25-0639 and condemns Immigration and Customs Enforcement (ICE) operations in Sherman Oaks and Los Angeles that violate due process, constitutional protections, and the safety of individuals in our community. These operations have caused fear and trauma among residents, particularly immigrant communities, regardless of citizenship status. Such actions raise serious concerns about violations of constitutional protections, including the Fourth Amendment right against unreasonable searches and seizures and the Fifth and Fourteenth Amendments guaranteeing due process of law.

SONC is particularly concerned with use-of-force incidents in connection with ICE operations and associated protests, and joins other Neighborhood Councils in urging our city officials, including CD Councilmember Nithya Raman, Mayor Karen Bass, City Attorney Hydee Feldstein Soto and Police Chief Jim McDonnell to investigate and oppose any ICE activities that undermine civil liberties, and to provide support and legal resources for affected residents.

MOVED: Adair **SECOND:** Ahari

ABSENT: Kalban, Jasiukonis, Endashaw, Laplante, Hernandez (5)

Item 12.b. carries unanimously /12-0-0-1-5

13. Green & Sustainability Committee Motions & Committee Report - Drew Johnstone, Co-Chair & Elizabeth Meshes Meets as Called by the Co-Chairs

a. **Motion** – The Green & Sustainability Committee recommends that when SONC purchases branded merchandise for public giveaways at community events—such as Movies in the Park, the Spring Tree Giveaway, and the Sherman Oaks Street Fair—these items should be made of biodegradable or recycled materials whenever possible, and be free of toxic or hazardous substances to people or the environment. All items should include clear labels indicating whether they are made of recycled content, whether they are considered safe, and free of any potential hazards.

MOVED: Green & Sustainability Committee **SECOND:** Does not require a second
YES: Adair, Durbin, Ahari, Silverman, Materna, Imber, Stahl, Hartsough, Katchen, Debela, Shapiro, Baronian (12) **NO:** (0) / **ABSTAIN:** (0) / **INELIGIBLE:** Korand (1) /
ABSENT: Kalban, Jasiukonis, Endashaw, Laplante Hernandez(5)

Item 13.a. carries unanimously /12-0-0-1-5

b. **Motion** – Support CF 25-0962 ShadeLA / Shade Expansion / Heat Action and Resilience Plan and the Sustainability Plan.

The planting of additional shade trees and the implementation of shade structures by the City of

Los Angeles is an essential and impactful undertaking for several key reasons: 1) Temperature Regulation: Shade trees reduce ambient temperatures by blocking direct sunlight and releasing moisture through transpiration, creating cooler and more comfortable environments across neighborhoods. 2) Energy Savings: Well-placed shade trees help lower cooling costs for homes and businesses by reducing heat absorption, decreasing reliance on air conditioning, and ultimately reducing utility expenses. 3) Wildlife Habitat: Trees play a vital role in supporting local biodiversity by providing shelter, nesting sites, and food sources for birds, insects, and other wildlife. 4) Air Quality Improvement: Trees absorb carbon dioxide and airborne pollutants while releasing oxygen, contributing to cleaner, healthier air for residents. 5) Soil Conservation: Strong root systems stabilize soil, reduce erosion, and enhance groundwater retention, improving the health of local ecosystems. 6) Aesthetic and Community Value: Shade trees add beauty, structure, and character to streetscapes and public spaces, enriching the visual appeal and overall livability of our neighborhoods. 7) Climate and Community Resilience: Investing in shade trees and shade infrastructure strengthens the City's ability to adapt to rising temperatures, supports long-term sustainability goals, and creates safer, more resilient communities.

MOVED: *Green & Sustainability Committee* **SECOND:** *Does not require a second*

YES: Adair, Durbin, Ahari, Silverman, Materna, Imber, Stahl, Hartsough, Katchen, Debela, Shapiro, Baronian (12) **NO:** (0) / **ABSTAIN:** (0) / **INELIGIBLE:** Korand (1) /

ABSENT: Kalban, Jasiukonis, Endashaw, Laplante, Hernandez (5)

Item 13.b. carries unanimously /12-0-0-1-5

14. Traffic & Transportation Committee Motions & Committee Report - Stacey Segarra Bohlinger, Chair.
Meets on the 1st Wednesday of the Month

a. **Motion** - Whereas, in 2020 the Los Angeles City Council approved a motion (Council File: 20-1267) submitted by Council Member Paul Krekorian and seconded by Council Member Mitch O'Farrell to have the City Council "INSTRUCT the Chief Legislative Analyst, in concert with the Los Angeles Police Department and the Office of the City Attorney to report on possible ways to more effectively limit the use of modified mufflers, especially in noise-sensitive areas."

And whereas, a muffler noise problem still exists and the regulations for modified mufflers are not currently being heavily enforced in many areas of Los Angeles and this situation jeopardizes the public safety and quality-of-life that modified mufflers pose for our communities and users of the right-of-way.

And whereas, the original approved motion asked for the regulations for modified mufflers to be more heavily enforced, and asked the City Council to assess and consider whether local laws were sufficiently strong enough to address both public safety and quality of life issues that modified mufflers pose in L.A.'s neighborhoods. And whereas, there is no record within the LA City File

system (CFS) indicating that further action was actually taken by any city agency after the original motion was approved.

It is now formally requested that: The above-mentioned agencies authorize and undertake a project to test out and evaluate the implementation of several varieties of "Noise Cameras," and to begin the deployment of an unknown number of these devices at strategically sited locations along public streets, especially in areas that are experiencing an abundance of vehicle noise pollution from modified mufflers illegally installed on vehicles. These noise cameras should only be deployed in a manner so that they are not used for any other purposes other than capturing the license plate numbers on any vehicles that are found to be exceeding safe decibel levels. The cameras should not be deployed in any manner that would violate an individual's rights to privacy. The agencies mentioned are to provide a full status report covering this issue, the enforcement of the current statutes that apply, and the methods that have been undertaken in an attempt to reduce the noise pollution, to the Sherman Oaks Neighborhood Council (SONC) and its community stakeholders.

MOVED: *Traffic & Transportation Committee* **SECOND:** *Does not require a second*

YES: Adair, Ahari, Silverman, Materna, Imber, Stahl, Hartsough, Katchen, Debela, Shapiro, Baronian (11) **NO:** (0) / **ABSTAIN:** (0) / **INELIGIBLE:** Korand (1) / **ABSENT:** Durbin, Kalban, Jasiukonis, Endashaw, Laplante, Hernandez (6)
