IN CONFORMITY WITH THE JANUARY 1, 2026 ENACTMENT OF CALIFORNIA SENATE BILL 707 (DURAZO) AND LA CITY COUNCIL FILE 23-1114, THE SHERMAN OAKS NEIGHBORHOOD COUNCIL TRAFFIC & TRANSPORTATION COMMITTEE MEETING WILL BE CONDUCTED VIRTUALLY.

Making Public Comments During This Virtual Meeting: When prompted by the Presiding Officer, press "Raise Hand" (if on Zoom) or *9 (if on a telephone) to indicate a desire to address the committee. If you are on Zoom, you will see a timer graphic indicating your time remaining to speak. If you are on a telephone, you will be told when 10 seconds remain in your allotted time. Public comment for this meeting will be heard during each eligible agenda item.

Every person wishing to address the Board must dial **1-669-900-6833**, and enter **852 9120 9802** and then press # to join the meeting. When prompted by the presiding officer, to provide public input at the Neighborhood Council Committee meeting the public will be requested to dial *9 or use the Raise Hand option, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.

Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 90 seconds per speaker, unless adjusted by the presiding officer of the Board.

The legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time. **California Government Code Section 54953.8(b)(4).**

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate. **California Government Code Section 54953.8(b)(5),**

A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to paragraph (5), to provide public comment until that timed public comment period has elapsed. **California Government Code Section 54953.8(b)(6)(A),**

A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to paragraph (5), or otherwise be recognized for the purpose of providing public comment. **California Government Code Section 54953.8(b)(6)(B).**

*The Sherman Oaks Neighborhood Council (SONC) Traffic & Transportation Committee will, to the best of our ability, provide an option for members of the public to view and provide public comment virtually/remotely. Please note, we have limited audio/visual systems capacity, therefore, the quality of sound and visuals may be considered substandard when compared to fully virtual meetings.

The Neighborhood Council system enables meaningful civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, composed of stakeholder volunteers who are devoted to the mission of improving our communities.

7. **Action Items: Discussion and Possible Motions**
 - a. **Reconsideration of item 8a/b from the March meeting related to traffic calming near Pacheco, Woodcliff, Raynetta, Stone Canyon; and Camino de la Cumbre between Coy and Glorietta**

MOTION: *Since the proliferation of Google maps, and smartphone*

navigation apps, Sherman Oaks residents have seen a sharp influx of commuter traffic on residential streets. While some traffic calming measures have been implemented by the Los Angeles Department of Transportation (LADOT) to address the safety and quality of life issues caused by the increased traffic, gaps in implementation have rendered current mitigation efforts inadequate.

Whereas incessant gridlock on small, residential streets poses serious safety hazards; and

Whereas many residential streets lack sidewalks, have sharp turns, and low visibility, exacerbating existing safety issues relating to traffic; and

Whereas traffic and safety hazards have increased exponentially since the last review and implementation of mitigation efforts; and

Whereas existing laws relating to traffic calming e.g. "NO TURN" signs, stop signs, speed reductions, etc. are not being adequately enforced;

Therefore, the Sherman Oaks Neighborhood Council (SONC) requests that the office of Council District 4, in conjunction with LADOT, work with SONC to review the current status and efficacy of existing mitigation efforts to address gaps in implementation and enforcement; and to explore solutions to reduce traffic in residential areas and redirect motorists to arterial streets.

Specific areas that need immediate attention are Camino de la Cumbre between Coy Drive and Glorietta Drive; Pacheco Drive between Raynetta Drive and Stone Canyon Avenue; and Woodcliff Road. Residents in these areas have reported hazardous conditions and are requesting speed hump installation [specifically, on Camino de la Cumbre between Coy and Glorietta, and on Woodcliff Road], "NO TURN" signage where applicable, [specifically, a "NO LEFT TURN 3PM - 7PM WEEKDAYS" on the North end of Pacheco at Stone Canyon Ave.] and more frequent and ongoing patrols and enforcement by traffic officers.
