A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Los Angeles City Council and its Committees

Call for Community Engagement in Van Nuys Airport Plan, Vision Study Process

Position: For — CF 23-1338. Van Nuys Airport (VNY) / VNY Vision Study / Community Engagement Strategies.

Position: For — CF 23-1339. Van Nuys Airport Specific Plan / Citizens Advisory Committee / Forensic Audit / Economic Study / Noise Mitigation / Community Benefit Program.

To City Council,

On Wednesday 11/29, Councilmember Padilla (CD6) filed CF 23-1339 and 23-1338 designed to mandate new policies for Van Nuys Airport aviation development projects to better protect communities, including critically needed criteria in the development of a new Specific Airport Plan for VNY.

CF 23-1339 is a necessary step to get us closer to the moratorium we are all working for in order to stop irresponsible expansion at VNY Airport through the recategorization of non-aeronautical land into aviation areas for Jet hubs, charters and more fixed-base operators (FBOs). This motion ensures that when developments proceed, they include the necessary modernization upgrades that will help reduce the toxic ground emissions poisoning our air from all the non-essential aircraft.

CF 23-1338 requires the airport to report on its communication and engagement with the community pertaining to its Vision Study.

Councilmember Raman (CD4) seconded both motions. Therefore, SONC supports CF 23-1339 and 23-1338 and thanks Councilmembers Raman and Padilla for these motions.

Thank you for your attention. If you have any questions, please feel free to contact me.

With Pride and Determination—

Lindsay Imber
