A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

The Board approved this CIS by a vote of: Yea(14) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 03/10/2025

Type of NC Board Action: Against

### Impact Information

Date: 04/15/2025

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 15-0989-S47

City Planning Number:

Agenda Date:

Item Number:

Summary: The Sherman Oaks Neighborhood Council strongly opposes Council File 15-0989-S47. The 2028 Olympics was initially pitched as a "no build" Olympics, meaning it would be facilitated in existing venues. Considering that Los Angeles was formally awarded the Games by the International Olympic Commission (IOC) on September 13, 2017, The City of Los Angeles has had ample opportunity in recent years to begin construction planning with adequate permitting, zoning, and public input processes in place. Removing the requirement to follow existing regulatory standards for permitting and environmental safety is likely to result in projects being expedited that are only tangentially related to the

games; and puts residents at risk of hazards and disenfranchisement. We urge the Los Angeles City Council to oppose this item; and require any new building relating to the 2028 Olympics undergo standard permitting and regulatory processes.

**Against — [CF 15-0989-S47](#). 2028 Olympic and Paralympic Games / Venues, Facilities, Structures, Sites Exemptions / Planning Approvals / Zoning Regulations / Conditions.**

To LA City Council,

The Sherman Oaks Neighborhood Council strongly opposes Council File 15-0989-S47.

The 2028 Olympics was initially pitched as a “no build” Olympics, meaning it would be facilitated in existing venues.

Considering that Los Angeles was formally awarded the Games by the International Olympic Commission (IOC) on September 13, 2017, The City of Los Angeles has had ample opportunity in recent years to begin construction planning with adequate permitting, zoning, and public input processes in place.

Removing the requirement to follow existing regulatory standards for permitting and environmental safety is likely to result in projects being expedited that are only tangentially related to the games; and puts residents at risk of hazards and disenfranchisement.

We urge the Los Angeles City Council to oppose this item; and require any new building relating to the 2028 Olympics undergo standard permitting and regulatory processes.

Thank you for your attention. If you have any questions, please feel free to contact me.

With Pride and Determination—

Lindsay Imber

President

Sherman Oaks Neighborhood Council
