SITE PLAN REVIEW FINDINGS:

A Site Plan Review determination requires the decision-maker to make findings relative to the project request. The applicant must assist the decision-maker by attaching information supporting the following findings:

1. That the project is in substantial conformance with the purposes, intent and provisions of the General Plan, applicable community plan, and any application specific plan.
2. That the project consists of an arrangement of buildings and structures (including height, bulk and setbacks), off-street parking facilities, loading areas, lighting, landscaping, trash collection, and other such pertinent improvements, that is or will be compatible with existing and future development on adjacent properties and neighboring properties.
3. That any residential project provides recreational and service amenities to improve habitability for its residents and minimize impacts on neighboring properties.
