

Sherman Oaks Neighborhood Council

03/03/2010 6:30 PM

Location: VIVA Gallery 13261 Moorpark near Fulton

Committee Meeting

AGENDA

1. How best to promote self-sustainability among our neighbors in the event of a citywide disaster. Cutbacks to Police and Fire Depts. as well as Emergency Services may be ahead due to the City budget crisis.
2. DOT has proposed raising the speed limits on some of our secondary highways from 35mph to 40mph. Riverside Dr., Moorpark and Valley Vista among them. Also they propose removal of some crosswalks along these streets. Is this a good idea? Raising the speed limit will allow for radar enforcement which can generate revenue, but should all streets and areas be treated the same? A report on my meeting last week with the DOT engineer.
3. The new LAPD Capt. of Van Nuys Division will meet with the SONC Board at our public meeting on March 8th at Sherman Oaks Elementary School.
4. Report on regional Neighborhood Watch meeting last week.
