Location: Westfield Mall Community Room (parking lot behind Ross Store)

Committee Meeting

AGENDA

Sherman Oaks Neighborhood Council

Public Safety Committee Meeting

6:30 PM Wednesday March 2, 2011

Westfield Mall Community Room

As a follow-up to the increase in pedestrian vs car incidents in our area we will continue to explore ways to minimize this problem, especially in those high pedestrian traffic areas near schools.

1. Report on funding sources that have been contacted to purchase solar powered digital signs and flashing lights to augment the "School Zone" signs currently in place.
2. Report on the formation of a Pedestrian Safety Committee by Councilmember Krekorian's office to address this issue.
3. Information on increase in home invasion "distraction" robberies as well as those robberies that have occurred in underground parking structures of apartment buildings.
4. Report on upcoming meeting with Assemblyman Mike Feuer regarding State regulations as they apply to our streets and secondary highways regardless of local concerns and conditions.
5. Medical Marijuana clinic closure update, and unhitched mobile billboard trailer update.
